Dear Parent and Teacher, Greetings!

Thank you for your being instrumental in the development of the student named above. At Alpha Martial Arts, our main objective is to development of well-rounded students. The skills students learn help them become good citizens and a benefit to society. Our school teaches students the principles of Black Belt Excellence. This program not only helps students earn a Black Belt in the Martial Arts, but also encourages the discipline and knowledge for them to become 'black belts' academically. We use the term 'black belt' as a metaphor for personal excellence - with the goal of creating pupils who become future 'black belt' employees and employers. We request your assistance in monitoring our student's progress towards this goal. By answering the questions below, you can help us in determining the student's level of achievement outside of Alpha. If you have any additional feedback to add, we would love to hear from you.
